

INTRODUCING THE CROSS-OVER ZONE®

3G TRACK PROTECTOR

Our EXCLUSIVE Third Generation Track Protector Provides a New Level of Durability, Portability, Color Selections, and Branding.

An Aer-Flo product line innovation of our Standard and 2G Track Protectors, the 3G infuses a durable three-dimensional continuous nylon filament with our VIPOL® Matrix Mesh providing better cushion that **WON'T STICK TO THE TRACK**. It's **NEXT LEVEL** in all-surface protection!

The 3G Track Protector's unique design:

- * Does Not Retain Water
- * Is Mold and Mildew Resistant
- * **Less Expensive Than Our 2G Track Protector!**
- * Includes Ballasted Chain Ends Only for Easier Portability
- * Available in 23 Different Colors with 17 Vinyl Border Color Options
- * Add Chroma-Bond® Imprinting with Team Lettering, Logos, and Advertising
- * Manufactured in Standard 6' and 12' Widths...CUSTOM Sizes Available
